Campbellton RV Camping

In order to ensure a pleasant summer for all of our guests, we ask that you respect the rules that are in place, the campground property as well as your neighbors.

Maximum Number of Campers and Equipment per Campsite

- The maximum number of persons permitted at an individual campsite is 6 adults.
- However, the daily rate charged for a campsite is for 4 adults (plus children under 18, if applicable). Additional adults staying at the same campsite will have to pay an extra \$5 per night, plus tax (up to a maximum of 6 adults per campsite).
For example:
 - 4 adults, 2 children: Regular rate;
 - 6 adults: Regular rate + \$10;
 - 8 adults: You must book 2 campsites.
- An individual campsite can hold, at the most, the following equipment combinations, if the site is large enough: one registered vehicle (ex. trailer) and a car, truck or minivan.

Quiet

- Any excessive noise likely to inconvenience other campers in any way is strictly forbidden at all times.
- Motorized vehicles deemed too noisy will be denied access to the campground.
- Curfew is from 11 pm to 7 am.
- Any trade or soliciting is forbidden at the campground.
- Coarse language and inappropriate behavior will not be tolerated. Campers not respecting the rules may be asked to leave without any notice.
- CN Railway has operations near the campground. CN Railway and the City of Campbellton are not responsible for any noise or inconvenience.
- Generators are not permitted.
- Fireworks and firecrackers are not permitted.

Animals

- Pets must be kept leashed.
- To avoid repetitive barking, pets cannot be left unattended.
- No aggressive animals are permitted on the campground.
- Animals are not permitted inside buildings with the exception of guide dogs. Please notify us upon your arrival if you are accompanied by a guide dog.
- During your stay at the park, animal excrement must be picked up and disposed of in a sanitary manner. Pet waste bags are available on site.
- Visitors cannot bring their pet to the campground.

Layout and Use of Campsite

- Guests are permitted to use a clothesline but it must be taken down when not in use. Under no circumstances are trees, posts or other campground structures to be used as part of a clothesline.
- Sites are to be kept clean and in order.
- Smoking is permitted on campground sites. All other public spaces, tourist and recreational spaces, and playgrounds fall under the New Brunswick Smoke-Free Places Act. Please pay attention to signs and respect instructions.
- Cigarette butts must be disposed of in an appropriate manner.
- Utility sheds, patios, patios stones and other fixed structures are not permitted (includes fences, flags, clotheslines, etc.).
- Outdoor refrigerators are not permitted.

- Disposing of sewerage on the ground is strictly prohibited. All sewer system connections must have an adapter hose.
- Diapers, sanitary napkins and tampons must not be disposed of in the sewer system. Grease and food should also not be deposited in the sewer system.

- Do not jam your sewer hose into the inlet as it can prevent flow from other sites and could stop the line.
